SUBJECT: Support for Miracle Field in Horsham

The Montgomery County Delegation would like to extend its unwavering support to the Challenger Division Baseball Program's Miracle Field of Horsham, PA project. Since 1995 Horsham Little League has hosted a Challengers Division baseball program to provide children with disabilities from across Montgomery and Bucks County the opportunity to enjoy one of America's best pastimes. To further provide in this endeavor the Challenger Division is looking to build a 'Miracle Field'. A 'Miracle Field' is a baseball field specifically designed for children with disabilities and those who may use assistive devices such as walkers or wheelchairs.

By building a field that includes ADA compliant surfaces for wheelchairs and walkers as well as building two new restrooms, they hope to create a space that will provide improved playing conditions for children with disabilities as well as foster connection between the entire countywide community.

This project would greatly improve the lives of countless children and families in the area. Accordingly, we wholeheartedly voice our support for this project.

Sincerely,

Montgomery County Delegation,

House Democratic Caucus
