Dear Bill and Nancy,

I am writing on behalf of the men and women of the Horsham Township Police Department to express our most heartfelt support for The Miracle Field of Horsham project. In fact, the Horsham Township Police Department has long supported the Horsham Little League and its Horsham Challenger Division's commitment to ensuring that children - regardless of physical and intellectual challenges - are able to enjoy the game of baseball in a way that is structured around their individual needs and abilities.

As you know, the Horsham Township Police Department has recently embarked on their Autism Awareness initiative. This initiative is aimed at educating our department, and fellow first responders, on the unique challenges that those with an autism spectrum disorder face and finding innovative ways to better serve them. Naturally, as this recent initiative is near and dear to our hearts, The Miracle Field of Horsham project is one that we are watching very closely.

I have no doubt, that through the countless hours of hard work and endless dedication that you and your board put into this project, that this field will certainly come to fruition. It is nearly impossible to adequately illustrate the many benefits that a field like this will have for our community and those surrounding us, and I am truly excited for the day that the first pitch is thrown on that new field.

Thank you both for all the hard work and dedication you have put into this project. Rest assured, the Horsham Township Police Department appreciates, and fully supports, your efforts!

Respectfully,
